MAINE-ANJOU A.I. SIRE PROSPECT*Mark Sneed***A.I. sire prospect selling** HETN Royal Blend**SELLING: > 25% Semen Interest**

- Royal Blend will be on display in the Yards!
- This is one of the leading opportunities to purchase an interest in a top A.I. sire, Royal Blend, who is destined to become a household name for years to come. Royal Blend is impeccable in his makeup and powerful with an extra cool look. His maternal pedigree is complemented by the look and body he possesses.
- We all know the power of Irish Whiskey and his genetics. With that semen selling so high and the demand of those cattle being higher now than ever before, this is your chance to get in on the ground floor of a Hard Whiskey son that will more than likely replace his father and grandfather.
- When the discussion occurred as to how much semen interest to offer on Royal Blend, it became evident that only a 25% interest would be offered, as the profit potential from this point forward will be astounding. The buyer is getting the chance to share the revenue with not only one of the best bulls of the year but also with two programs that are very respected and successful—Griswold and Minnaert. We are proud to offer a bull of this magnitude from these great operations.
- Royal Blend was raised by the Heaton Family in Illinois. His dam was a successful show heifer for Heaton's, winning several shows in her day. She is a Northern Improvement out of an Ali. The maternal power is stacked on this great bull from top to bottom.
